Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Saturday 11 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and cold start, then rain arriving.

Today:
Dry, bright and cold start but becoming cloudy through this morning. This afternoon rain will quickly spread east, turning locally heavy, before lighter and more patchy rain follows later. Becoming breezy. Generally feeling rather cold with the wind and rain. Maximum temperature 8 deg C (46 deg F).

Tonight:
Outbreaks of locally heavy rain will move away east later tonight with cloudy and mild conditions following, along with patchy drizzle and hill fog. Breezy initially, but wind eases later. Minimum temperature 6 deg C (43 deg F).

Sunday:
Cloudy start with outbreaks of light rain and drizzle, along with hill fog for the Peak District. Becoming dry everywhere through the afternoon, with some sunny spells developing. Mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Monday to Wednesday:
Rain for Monday, locally heavy. Tuesday and Wednesday generally cloudy with some patchy light rain or drizzle. Remaining mild or very mild, and becoming windy at times.
